

REMARKS

Upon a review of the pending claims, applicant wishes to address a minor discrepancy in defining the position of the second reference plane relative to a first reference plane, along a first sealing part. As noted on Page 22, Lines 24 through Page 23, Line 5, relative position from the reference plane Ξ_1 could be 20 mm. Thus, no new matter is being added to the claims and specification.

If there any questions with regards to this requested amendment, the undersigned attorney can be contacted at the listed telephone number.

Very truly yours,

SNELL & WILMER L.L.P.
